John Fruchter	PNNL	376-3937
Fenggang Ma	Ecology	736-3035
John Vander Veen	FDH	376-0241
Arlene Tortoso		373-9631

AGENDA

9:00 Advanced Characterization Proposal - Kim Koegler
9:30 FY 98 Needs Submittal to the Focus Area - Donna Wanek
9:45 NAS Meeting at Hanford
10:00 Break
10:15 Invitation letter to Carl Bauer - Wayne Martin
10:30 Updates/New Information - Donna Wanek, Kim Koegler
11:00 Establish New Meeting Date to Not Coincide with HAB
11:15 Agenda Topics for February Meeting - close

Advanced Characterization Proposal

- Glenn Goldberg of DOE would like support for this new technology
- Proposal is written - to be voted on in the next meeting
- Would like on the February Management Council agenda

Criteria for prioritization of needs

- Need better definitions
- National Academy will be reviewing the process on Thursday.

In Situ Manipulation Peer Review

- Draft Agenda presented by John Fruchter. The meeting is scheduled for February 4 and 5 in Richland. The morning of the 4th will allow for comments from Paul Danielson, NPT, and Wayne Soper, Ecology. A copy of the final agenda will be distributed to subgroup members prior to the meeting date. Subgroup members are invited to attend. John Fruchter will provide the panel results at the February meeting.

Electro Kinetics proposal

Kim Koepler's proposal will be out for vote for the February Management Council (to the STCG ~ 10 days to 2 weeks prior to council meeting for comments)

Letter to Bauer

- It was decided that an invitation to Hanford would go to Bauer, Chamberlain, and Wright.

General

- Jim Hanson is now working on the Hanford Tanks Initiative
 - Dave Biancosino (EM-50 area) is the new subcon representative working for Maria Vargas.
- Donna Wanek is resigning as subgroup lead
 - Fred Serier will be taking Donna's place

Agenda for next meeting

Review proposals

Report out on the Peer Review meeting

Next Meeting

Next regular subgroup meeting will be 2/6/97
